

# Porsche Cayenne Coupé

## SHAPED BY PERFORMANCE

This shape, it has been around for many years. Our iconic flyline, has been lengthened, heightened and lowered, but has remained the same. It is a shape that has won races. Everyone recognises it - at night, in the fog and even blindfolded. A shape that can only be achieved with training; sprints, physical exertion and stamina, just like building muscle. This shape stands for all that we are.
